## Group Fitness Programs:

- **Open Gym:** One-hour gym sessions to work on your own program and utilise all equipment within the gym between 4am – 11pm when classes are not being held.
- **Mash Up Mondays:** Every week is different! Short intervals, hiit intensity, strength work, agility, cardio and more. You will constantly be moving in this 35-minute session.
- **Functional Strength:** Strength training, functional training and chaining exercises to help strengthen and help in everyday life situations.
- **HIIT 45:** A fun and exciting mix of both cardiovascular and resistance challenges ideal for toning, fat burning and muscle conditioning. This class runs for 45 minutes.
- **Deep Body Burn:** Is a mat workout inspired by elements of Barre, Yoga Pilates and Ballet – a toning, body-weight lifting workout which focuses on low-impact, high intensity movements designed to strengthen your body and target muscles in ways that few other workouts can. Deep Body Burn will see you with improved posture, balance and flexibility, build strength, burn calories and improve stability through a stronger core. Rest assured, this session leaves no thigh, seat, back and abdominal muscles untouched
- **Circuit for Active Older Adults and Beginners:** great way to get started with strength training and become familiar with the equipment we have. The exercises focus on building total-body strength with an emphasis on improving balance, stability and flexibility.
- **Backs and Bellies:** Strengthening the core including the back, abdominal and pelvic floor muscles whilst working on improving general tone, flexibility and balance. Run by Liz the Physio.
- **Total Body Compound:** A total body workout to increase strength by using compound body movements with barbells, kettlebells and dumbbells.
- **Yoga Moves:** Functional movement and stability taught with Yoga postures in vinyasa style. Emphasis on centred core strength and individual posture alignment. Includes a yoga chillax to finish and plenty of stretching. Class is for anyone. Held in the Event Centre.
- **Yoga to the Core:** Strengthen, tone and condition your stomach, butt and thighs with this yoga class with a cool down and pranayama session at the end.
- **Yoga for Older Grown Ups:** Build your strength, mobility and balance through supported poses and Breath work. Many poses are standing so we use chairs and walls for support, as well as other aids. BYO mat, blocks and strap, these items can be provided. Held in the Event Centre.

## Therapeutic Programs:

- **Healthy Start:** A class for over 50's men and women using a range of equipment and weights to improve fitness, strength and flexibility. A great beginner class too.
- **Fit for Life:** Work on your own personal exercise program lead by Sport Scientist Taryn, within a group setting. Ideal for people with Diabetes or other chronic issues. This class is by referral only, please speak with Physio Liz.
- **Strong People Stay Young:** Strength training program, ideal for people 50+ years. Helps to build stronger bones and maintain strength.
